

# Muzamil Mubashir

## Senior React Native Developer

Senior React Native Developer with over 5 years of experience in mobile application development. Highly skilled in all aspects of the development process, from planning and design to deployment and maintenance. Consistently delivers high-quality and scalable software solutions. Expertise in combining UI/UX considerations with robust functionality for exceptional performance. Actively keeps up-to-date with emerging technologies like Web 3.0 and blockchain. Contributes to agile teams through code reviews, testing, and documentation. Demonstrates a passion for open-source projects and sharing knowledge to enrich the developer community.

TypeScript

JavaScript

HTML

CSS

Node.js

Express.js

### Work History

2023-11 -

Current

#### Senior Software Engineer

Tkxel

- Led development of complex mobile projects with seamless implementation and testing
- Built and optimized cross-platform iOS and Android apps using React Native
- Extensive knowledge of React Native's core principles and mobile app architecture
- Skilled in using AEM as a headless CMS for dynamic content integration
- Strong proficiency in JavaScript, including DOM manipulation and object modeling
- Deep experience with React workflows, such as Redux and Flux, for efficient state management
- Integrated RESTful APIs to ensure smooth backend communication
- Designed high-level, user-friendly interfaces through rapid prototyping
- Developed robust unit tests covering edge cases, usability, and reliability
- Spearheaded bug fixing and performance enhancements for improved app stability
- Collaborated with large teams to build scalable, multi-tenant React Native applications
- Proficient in handling and debugging 3rd-party dependencies, with experience in custom forking

2022-06

**& Solana)**

*InvoZone*

- Managing large and complex projects or multiple components with smooth implementation and testing of the application
- Cooperating & communicating with other team members for efficient management works
- Delivering and implementing the project as per scheduled milestones
- Designing, Developing, Implementation, and troubleshooting applications
- Providing suggestions to manage and enhance the work culture of the Company
- Designed and developed base classes, framework classes, and reusable components
- Involved in Understanding functional specifications and developing creative solutions to meet business requirements

2020-12 -  
2022-04

**Senior React Native Developer**

*Wipro*

2020-01 -  
2020-05

**Software Engineer (React Native)**

*DOMINION GLOBAL*

2018-02 -  
2019-03

**Teacher Assistant**

*University Of Central Punjab, Lahore, Punjab*

## Education

---

2017-01 -  
2021-01

**Bachelor's degree: Computer Science**

*University Of Central Punjab - Lahore, Punjab*

## Certifications

---

Advance and Object Oriented, 01/01/21

JavaScript and ES6, 01/01/21

The Complete JavaScript Course 2021 From Zero to Expert!, 01/01/21

React Native Made Easy, 01/01/21

## Technical achievements

---

- Performance Optimizations, Reduced load times with API profiling, smaller data transfers, and lazy loading., Optimized memory usage, enhancing app speed and user experience.
- Error Monitoring and Resolution, Set up Bugsnag for early error detection and faster resolution., Used Firebase Analytics to analyze user behavior and refine UI/UX.

## Key technical skills

---

React Native, ReactJS, TypeScript, JavaScript, HTML, CSS, Node.js, Express.js, XML, JSON, Git (GitHub, GitLab, Bitbucket), JIRA, Azure DevOps, Trello, ClickUp, MS Word, Google Docs, API Integration: RESTful APIs, Firebase, GraphQL, Error Monitoring: Bugsnag, Firebase Analytics, Blockchain Knowledge: Intermediate in Solana, Web 3.0
